

POLO DENTAL P.C  
15 NOBLE AVENUE  
WESTFIELD, MA 01085

December 30, 2022

Dear Patients and Friends:

It is with much enthusiasm that I inform you of some exciting news. After practicing full time for almost 27 enjoyable years in Westfield, I have decided to slow down and work part time in the practice and find a new dental group to join me.

I am certain that you will continue to receive the best possible dental care, and have selected the doctors at EMA Dental who I have known for many years to assume full time responsibilities of operating my dental practice. Dr. Lisa Emirzian heads the general practice and her husband Dr. Vincent Mariano heads the specialty end of the practice. Together, they will lead the transition along with their associate doctors who you will all have an opportunity to meet at your upcoming visits. EMA Dental currently has offices in East Longmeadow, Northampton, and now with us in Westfield.

I have chosen the doctors at EMA Dental to assume operations of my dental practice because, in addition to their fine credentials and reputation, they have the same dental philosophy, professionalism and personal chair-side manner as you have come to expect at Polo Dental. I am extremely enthusiastic about them joining me in continuing the highest quality of treatment in the same caring and comfortable environment to which you have been accustomed. I am confident you will feel as comfortable with them providing your dental care as you are with me.

In addition to me staying on, my talented and dedicated staff at our office will also remain unchanged. I want to thank you for allowing me to be part of your dental journey. You have enriched my life, and I sincerely hope that I have added to yours.

Please call us if you have any questions and if you would like to schedule an appointment.

Please join me in welcoming the doctors at EMA to our office.

Warmest personal regards,
